PRODUCT DETAILS

The DeltaMax™ range of products incorporates the MagnaFlow™ coating finish which is specifically formulated for use in corrosive environments. DeltaMax™ products have a steel substrate that provides greater corrosive resistance therefore ensuring a longer working life in demanding environmental conditions.

DeltaMax™ is now available in a full range of products that covers:- Wall Panels, Roof Panels, Beams and the full suite of Flashings. They are specifically designed to cater for the highly corrosive coastal regions that are nearby to the ocean, seaways and canals. It is also the appropriate product to use in severely corrosive industrial applications.

The standard warranty on the DeltaMax™ paint finish is 20 years, with site specific warranties of up to 25 years available.

CATEGORY CLASSIFICATION

PRODUCT FEATURES

- DeltaMax™ Roof panels are available in - DeltaTrim™ with Expanded Polystyrene - Fire Retardant Grade (EPS-FR), Thermosetting Phenolic Composite (TPC), Polyisocyanurate (PIR) and Mineral Wool (MW) Cores.
- DeltaMax™ Roof panels are available in - DeltaOrb™, DeltaCorroCorro™, DeltaTrimTrim™ & DeltaTrimCorro™ with Expanded Polystyrene - Fire Retardant Grade (EPS-FR), Thermosetting Phenolic Composite (TPC) and Polyisocyanurate (PIR) cores.
- DeltaMax™ Wall panels are available in - DeltaCool™ & DeltaSecretFix™ with Expanded Polystyrene - Fire Retardant Grade (EPS-FR), Thermosetting Phenolic Composite (TPC), Polyisocyanurate (PIR) and Mineral Wool (MW) Cores
- DeltaMax™ Beams are available in 100mm, 150mm, 200mm, 250mm & 300mm.
- Receiver Channels along with the full suite of associated flashings are available in DeltaMax™.
- SurfMist only, with other colours on request.
- Site specific warranties up to 25 years are available.
